Geotechnical Services

- CPT & Piezocone
- Dilatometer
- Seismic Dilatometer
- Vane Shear
- Tee-Bar
- Piston & Eziprobe Sampling
- Piezometer Installation
- In Situ Permeability

Field Fleet ("the girls")

2010 was a great year for IGS

The adjacent list shows where we've been.

87 new projects

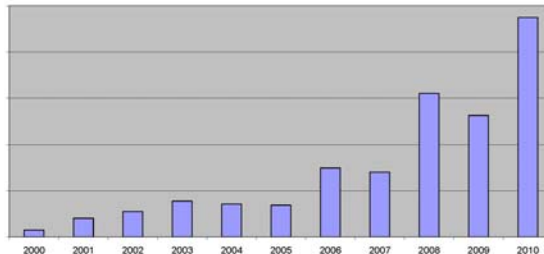

- 40 in New South Wales
- 36 in Queensland
- 10 in Victoria
- 1 in ACT

attended international conferences

- Huntington Beach California (CPT' 10)
- Perth (Frontiers in Offshore Geotechnics)

sponsored 4 local conferences

drove significant business growth

- you can see we've been busy

developed one new rig

- built in June - already done 4 jobs

**We thank all our clients
big and small**

**and we say
'watch this space'
IGS is planning a great 2011**
