- In Situ Permeability

Field Fleet ("the girls")

2011 was another great year for IGS

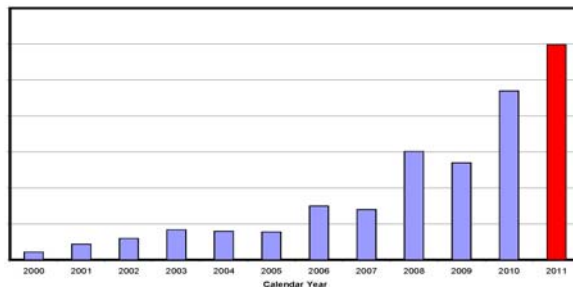

The adjacent list shows where we've been.

we had 99 new projects - for 33 clients

- 40 jobs in New South Wales
- 50 jobs in Queensland
- 7 jobs in Victoria
- 2 jobs in SA

we sponsored 4 local conferences

we drove significant business growth

you can see we've been busy - yet again

we developed one new rig

Little Jack

- built in February - already done 7 jobs

and we got our beaut little hovercraft

**Happy New Year & Thanks
to all our clients and friends**
